# Novak Mark, Front-End Developer & Web Designer

I am a positive and ambitious person, eager to learn and cope with new challenges. I'm passionate about creating the web a better place with two years plus of industry experience in designing web and one year as a dev. I am able to work well both in a team environment as well as using my own initiative.

## Skills

- HTML, CSS, JS, React, Next, Tailwind
- UI UX Design principles and rules, Adobe Suite
- Teamwork, communication
- Problem solving, creativity, precision

## Experience

### Freelance designer and dev

2021 -
